

## PRESS RELEASE

### *MAS Launches Its Upgraded Website*

Sunday, 5th April, 2015, Ramallah. Today MAS launched its upgraded website, in both Arabic and English, available at [www.mas.ps](http://www.mas.ps). MAS aimed to make the new website more dynamic, interactive, and up-to-date, keeping pace with modern technology. The new website is customized to reflect the Institute's mission and objectives.

First and foremost, the website provides regular updates on MAS's research activities

and publications, past and upcoming events, analyses, research plans and programs, Board of Trustees' decisions, and other issues pertinent to the work of the Institute. In addition, the website serves as a reservoir of information and a dynamic tool for disseminating economic research, knowledge, and news about major developments and changes affecting the Palestinian economy.

The content of the website is packaged in a way that is easily accessible and attractive for the user.

The work on the website has been made possible by the financial support of Bank of Palestine.
